

The Honorable Douglas H. Wilkins
Associate Justice of the Superior Court
Essex County, Massachusetts

Lenny Degnan is a great person. He was one of the main reasons why I was able to go to the high school that I did, Central Catholic in Lawrence. Without his help, I would have not received the same education I was able to obtain and probably not have been able to attend the great university I'm at right now, UMass Lowell. He is a great overall person, looking to help out those in need and there when needed. He owns and operates a great insurance agency which is great business for the city of Lawrence.
